I AM BRAND NEW

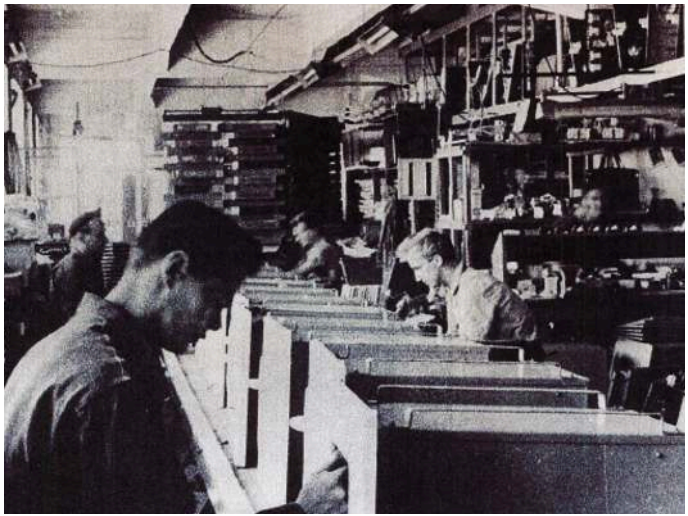

even though Helo has over 100 years of experience in making sauna heaters.

Helo sauna heaters have a history of more than 100 years. At our factory in Hanko, sauna heaters are hand-made with care and expert workmanship.

Our heaters are reliable and innovative and are handcrafted using only the best materials. We want to offer the perfect sauna experience.

I AM MODERN AND GENTLE.

The Hanko electric heater is our new compact heater, featuring a modern design. It fits into small spaces and provides a gentle heat.

I WAS NOT BORN BY ACCIDENT.

Hanko is the result of a meticulous design process. Our top designers collaborated for several years to create a heater for even the most demanding sauna enthusiast. The all-new Hanko is crafted at our factory by hand, using the best materials.

Hanko is quick and easy to install. With detailed instructions and mounted brackets, installation is easy and precise even for an inexperienced installer.
